

ENJOY ENGLISH IN THE HAPPY LANGUAGE CLUB

As a supplement to our online learning platform, you can also follow us in the **HAPPY LANGUAGE CLUB** on **YouTube**, and discover more about the subtleties of the English language.

We look forward to meeting you there!

FOREIGN LANGUAGES ENSURE BETTER UNDERSTANDING.

Would you like to strengthen and expand your Business English? We can encourage and support you! With our **blinckmann CAMPUS** online learning platform, certified and approved by the Central Office for Distance Learning (ZFU), we will enable you 24/7 to express yourself more flexibly, securely and freely in the English language, so you can use it successfully in an international business environment. Working inside the fictitious company **Blue International Limited**, you will learn to understand and master the linguistic challenges of day-to-day business life in a realistic, practical way.

In this course, enlarging your vocabulary, and sustainable training in grammatical structures and in understanding the written and spoken language, are always placed in the economic and cultural context of companies with international operations. As a result of supplementary personal tuition in a **virtual classroom**, you will also use what you have learned in spontaneous, direct conversation, and will thus consolidate it. You can also directly interact with trainers and other participants in our **Forum** and **Chatroom**.

Invest just two hours of your time every week, and with our **blinckmann CAMPUS** you will already see measurable progress from EUR 66.00 per month*. Start now!

* Language courses can be claimed for tax purposes as advertising costs or special expenses.

PRACTICAL - SUSTAINABLE - FLEXIBLE

Christina-Maria Blinckmann, M.A.
and her team are there to help you:

- Trained as a foreign languages secretary/ travel agent
- Degree in Applied Cultural Studies
